

ST-1 Payload Bay

SensorTag Holder

Main piece cut from 1/4 inch balsa
 Round edges to fit contour of payload tube
 Cut notch to hold bottom support
 Cut rails from 1/16 x 1/8 balsa strips
 Glue top rail to hold SensorTag firmly,
 then trim flush with main piece

Exact deminsions may vary
 depending on the nose cone
 and tube adapter used.

Bottom Support

Cut from 1/16 inch balsa
 Trim to fit tube adapter; dimensions may vary
